

Chapters of Regulation	Highlights											
<p>Chapter I – Scope – Article 2</p> <p>The first paragraph of Article 2 shall apply from 22/5/2012 until 1/1/2024. The second paragraph of the same article shall apply as of 1/1/2024.</p>	<ul style="list-style-type: none"> • The lists of products and goods covered by the Regulation have not been changed in Annex-1/A and Annex-1/B • Examples of Annex-2/A, EEE Categories and Annex-2/B EEE Categories within the scope of the Regulation have been established • Additions have been made to EEE that are excluded from the scope 											
<p>Chapter I – Definitions and abbreviations – Article 4</p>	<ul style="list-style-type: none"> • Additions have been made to the definitions in the regulation 											
<p>Chapter II – Duties, Authorities and Responsibilities – Article 6/7/8/9/10/11/12</p>	<ul style="list-style-type: none"> • Duties and authorities of the ministry, provincial directorates mentioned in the regulation • Duties, authorities and obligations of local administrations • Additions have been made detailing the obligations of manufacturers, EEE distributors, consumers/end users, WEEE processing plants, re-use facilities and transfer points 											
<p>Chapter III – WEEE Processing Facilities, Re-Use Facilities and Transfer Points – Article 13/14/15/16/17</p>	<ul style="list-style-type: none"> • Additions have been made by detailing the conditions that WEEE processing facilities, re-use facilities, transfer points must provide • WEEE processing facilities and re-use facilities, and environmental permits and licenses 											
<p>Chapter VI – Accumulation, Collection and Transport of WEEEs – Article 18/19</p>	<ul style="list-style-type: none"> • Additions have been made by detailing the provisions relating to the accumulation, collection and transport of WEEE 											
<p>Chapter V – Collection, Re-use, Recycling and Recovery Targets – Article 20/21</p>	<ul style="list-style-type: none"> • Collection Targets: <ul style="list-style-type: none"> ○ The Ministry, together with all parties that have an obligation under this Regulation to manage WEEEs, shall take the necessary measures to ensure that the following WEEE collection targets are achieved: <ul style="list-style-type: none"> ▪ 40% for 2025 ▪ From 2025, the collection target will be increased by 5% every year to 65% including 2030 ▪ After 2030, the new collection targets are 65% if the Ministry does not set them • Re-use, recycling, and recovery targets: <ul style="list-style-type: none"> ○ The Ministry ensures that the following recycling and recovery targets set for 2018 in the repealed Regulation are maintained between 2018 and 2024 (inclusive): <table border="1" data-bbox="602 1661 1411 1854"> <thead> <tr> <th data-bbox="602 1661 1052 1728">Waste Electrical and Electronic Equipment</th> <th data-bbox="1052 1661 1232 1728">Recovery (%)</th> <th data-bbox="1232 1661 1411 1728">Recycling (%)</th> </tr> </thead> <tbody> <tr> <td data-bbox="602 1728 1052 1795">Large household appliances and automatic dispensers</td> <td data-bbox="1052 1728 1232 1795">80</td> <td data-bbox="1232 1728 1411 1795">75</td> </tr> <tr> <td data-bbox="602 1795 1052 1854">IT and telecommunications and consumer electronics</td> <td data-bbox="1052 1795 1232 1854">75</td> <td data-bbox="1232 1795 1411 1854">65</td> </tr> </tbody> </table>			Waste Electrical and Electronic Equipment	Recovery (%)	Recycling (%)	Large household appliances and automatic dispensers	80	75	IT and telecommunications and consumer electronics	75	65
Waste Electrical and Electronic Equipment	Recovery (%)	Recycling (%)										
Large household appliances and automatic dispensers	80	75										
IT and telecommunications and consumer electronics	75	65										

	Small appliances, lighting, EEE (except large-scale stationary industrial tool), toys, leisure and sports equipment, monitoring and control instruments	70	50
	Gas discharge lamps	-	80
	<ul style="list-style-type: none"> • Rates are calculated based on the average weight of WEEE sent for processing. • Necessary measures are taken together with all parties that have an obligation under this Regulation for the management of WEEE to ensure that the parties achieve the following targets by 2025: 		
	Waste Electrical and Electronic Equipment	Recovery (%)	Recycling (%)
	Temperature exchange equipment and large equipment	85	80
	Screens, monitors and equipment containing screens having a surface greater than 100 cm ²	80	70
	Small equipment and IT and telecommunication equipment	75	55
	Lamps	-	80
	The details of the rate calculation and the situations to be included in the calculation are specified extensively in the regulation.		
Chapter VI – Financing WEEE Collection and Recovery Activities Article 22/23	<ul style="list-style-type: none"> • Specifies how the financing of domestic and non-domestic WEEE management will be carried out and who is liable 		
Chapter VII – Registration, Information and Reporting Article 24/25	<ul style="list-style-type: none"> • Registration, information and reporting/accuracy and recording of information and reporting • Manufacturers or authorized representatives must register with the EEE information system before placing electrical and electronic goods onto the domestic market 		
Chapter VIII – Importation Article 26/27	<ul style="list-style-type: none"> • Import of used and refurbished EEE/import of WEEE 		
Chapter IX – Miscellaneous and Final Provisions Article 28/29/30/31/32	<ul style="list-style-type: none"> • Chapter includes details on compliance with European Union legislation, administrative sanctions, enforcement and implementation
