ASHRAE LEVEL 1 ENERGY AUDIT: **LAY THE FOUNDATION**

Our Level 1 Energy Audit serves as the starting point for your energy efficiency journey. Our expert team conducts a preliminary assessment of your facility, identifying low-cost and no-cost energy-saving opportunities. Through data analysis and site walkthroughs, we provide you with valuable insights to kickstart your efficiency efforts.

ASHRAE LEVEL 2 ENERGY AUDIT: **DIVE DEEPER**

Take your energy audit to the next level with our Level 2 Energy Audit. Building upon the findings of the Level 1 audit, our team performs a more detailed analysis of your facility's energy usage, systems, and equipment. We utilize advanced diagnostic tools and modeling techniques to identify specific areas for improvement and develop tailored recommendations to optimize energy performance.

ASHRAE LEVEL 3 ENERGY AUDIT: **REACH THE SUMMIT**

For businesses committed to maximizing energy savings and achieving peak performance, our Level 3 Energy Audit offers the highest level of insight and analysis. This comprehensive audit includes detailed engineering studies, performance modeling, and investment-grade cost analysis. Our team works closely with you to develop a customized energy management plan, prioritizing projects based on their potential for energy savings, return on investment, and environmental impact.
