LIST OF SPECIALIZED EQUIPMENT AND MATERIALS FOR OIL AND GAS PROJECTS IN UGANDA AND HARMONIZED SYSTEM CODES

1.1 Production, Drilling and Wells equipment including:

S/N	DESCRIPTION OF EQUIPMENT AND MATERIALS	HS CODE
1	Slicklines equipment, tools, and accessories (Cables, drums, control units, pressure control equipment, downhole cameras, grease injection units, Bails, Depth measurement Equipment, rope sockets and sheaves)	
	Cables	7223.00.00
	Drums	8479.90.00
	Control units	8479.90.00
	Pressure control equipment	8479.89.00
	Downhole cameras	8525.89.00
	Grease injection units	8479.89.00
	Bails, (Elevator bails)	7326.19.00
	Depth measurement Equipment	9031.80.00
	Rope sockets	7326.90.90
Sheaves	8483.50.00	
2	Directional Drilling (DD) equipment and tools (Mud motors, Rotary steerable systems, whipstocks, drilling Jars, Directional drilling sensors:)	
	Mud motors	8431.43.00
	Rotary steerable systems	8431.43.00
	Whipstocks	8431.43.00
	Drilling Jars	8431.43.00
	Directional drilling sensors	9031.80.00
3	Measurement While Drilling (MWD) equipment and tools (Azimuthal density tools, Pressure and temperature sensors, Inclinometers, Magnetometers, Mud pulse telemetry systems, Electromagnetic telemetry systems, Density and porosity sensors, Flow meters, Vibration sensors, Weight on bit sensors)	
	Azimuthal density tools,	9030.89.00
	Pressure and temperature sensors,	9025.19.00
		9026.20.00
	Inclinometers,	9014.80.00
	Magnetometers,	9015.80.00
	Mud pulse telemetry systems,	9015.80.00
	Electromagnetic telemetry systems,	9015.80.00
	Density and porosity sensors,	9027.89.00
	Flow meters,	9026.10.00
Vibration sensors,	9031.80.00	
Weight on bit sensors	9031.80.00	
4	Logging While Drilling (LWD) equipment and tools (Gamma-ray detectors, Resistivity tools, Magnetic resonance tools, Formation density tools, Acoustic tools, Neutron porosity tools, Azimuthal density tools, Imaging tools:	
	Gamma ray detectors	9030.89.00
	Resistivity tools	9030.89.00
	Magnetic resonance tools	9027.89.00

Note:

1. The list of specialised materials and equipment for oil and gas projects will be updated from time to time.
2. The Uganda Revenue Authority will review and confirm/update the HS codes of the respective specialised materials and equipment.

S/N	DESCRIPTION OF EQUIPMENT AND MATERIALS	HS CODE
	Formation density tools	9030.89.00
	Acoustic tools	9015.80.00
	Neutron porosity tools	9027.89.00
	Azimuthal density tools	9030.89.00
	Imaging tools	9015.80.00
5	Bottom Hole Assembly (BHA) equipment and tools (subs, stabilizers, collars, Heavyweight pipes, drill pipe)	
	Subs,	8431.43.00
	Stabilizers,	8431.43.00
	Collars,	8431.43.00
	Heavy weight pipes,	8431.43.00
	Drill pipes	7304.22.00 7304.23.00
6	Drill Bits and Nozzles (Roller cone bits, PDC (polycrystalline diamond compact) bits, Tungsten carbide insert (TCI) bits, Hammer, bits, Reamer bits, Stabilized bits)	
	Roller cone bits	8431.43.00
	PDC (polycrystalline diamond compact) bits	8431.43.00
	Tungsten carbide insert (TCI) bits,	8431.43.00
	Hammer, bits	8431.43.00
	Reamer bits	8431.43.00
	Stabilized bits	8431.43.00
7	Well engineering Data Transmission equipment (Gateways, Multiplexers, Transceivers, Bridges, Repeaters, Hubs, Network interface cards (NICs), Switches, Routers, and modems)	
	Gateways	8517.62.00
	Multiplexers,	8517.62.00
	Transceivers	8517.62.00
	Bridges	8517.62.00
	Repeaters	8517.62.00
	Hubs	8517.62.00
	Network interface cards (NICs)	8517.62.00
	Switches	8517.62.00
	Routers	8517.62.00
	Modems	8517.62.00
8	Fishing equipment, tools and accessories (Overshoots, Spears, Junk mills, Fishing magnets, Grapplers, Casing scrapers, Packer retrieving tools, Internal cutters, ...)	
	Overshoots,	8479.90.00
	Spears,	8479.90.00
	Junk mills,	8479.90.00
	Fishing magnets,	8505.11.00
	Grapplers,	8479.90.00
	Casing scrapers,	8479.90.00
	Packer retrieving tools,	8479.90.00
	Internal cutters	8479.90.00
9	Coiled Tubing equipment (Triplex Pump unit, Nitrogen pumps, skid pump units, coiled tubing unit, centrifugal pumps, CT yard spooler control), tools and accessories	

Note:

1. The list of specialised materials and equipment for oil and gas projects will be updated from time to time.
2. The Uganda Revenue Authority will review and confirm/update the HS codes of the respective specialised materials and equipment.

S/N	DESCRIPTION OF EQUIPMENT AND MATERIALS	HS CODE
	Triplex Pump unit,	8413.50.00
	Nitrogen pumps,	8414.80.99
	Skid pump units,	8414.80.99
	Coiled tubing unit,	8428.90.00
	Centrifugal pumps,	8413.70.00
	CT yard spooler control,	8479.89.00
	Tools and accessories e.g., coiled tubing injector, coiled tubing hanger	8431.39.00
10	Oil Country Tubular Goods (OCTG) and accessories Casings, tools and accessories (centralizers, collar shoes, floating shoes, packers, bridge plugs, cement plugs, washers, balls, ...)	
	Centralizers,	8431.43.00
	Collar shoes,	8431.43.00
	Floating shoes,	8431.43.00
	Packers,	8479.89.00
	Bridge plugs,	8431.43.00
	Cement plugs,	3923.50.00 4016.99.00
	Washers, balls	3926.90.00 4016.93.00
11	Cementing, (Cement mixers, cementing pumps, Cementing heads, Float collars and shoes, foam balls, cement plugs...)	
	Cement mixers	8474.31.00
	Cementing pumps	8413.50.00
	Cementing heads	7326.90.90
	Float collars and shoes	7326.90.90
	Foam balls	4016.99.00
	Cement plugs	3923.50.90 4016.99.00
12	Drilling Rig Casing and Tubing handling equipment, accessories and spare parts (elevators, Power tongs, Slips, Spiders, JAM units....)	
	Elevators	7326.90.90
	Power tongs	8479.89.00
	Slips	7326.90.90
	Spiders	8479.89.00
	JAM units	9031.80.00
13	Wellheads, Christmas trees, associated tools and accessories, Pressure gauges	
	Wellheads	7308.90.99
	Christmas trees	8481.80.80
	Associated well head tools and accessories	7308.90.99 8481.90.00
	Pressure gauges	9026.20.00
14	Production, Completion, and workover equipment (artificial lift equipment, Screens, and blanks, etc.)	
	Artificial lift equipment	8413.60.00 8413.70.00 8413.81.00
	Screens	8421.29.00
	Blanks e.g., drilling blanks	8431.43.00

Note:

1. The list of specialised materials and equipment for oil and gas projects will be updated from time to time.
2. The Uganda Revenue Authority will review and confirm/update the HS codes of the respective specialised materials and equipment.

S/N	DESCRIPTION OF EQUIPMENT AND MATERIALS	HS CODE
15	E-Logging tools and accessories (Acoustic Logs. Cement Bond Log. Cross-Dipole Acoustic Log, Calliper Log, Chemical Logging, Density Log, Gamma Log, Image Logs, Neutron Log tools, Spontaneous Potential well log tools)	9015.80.00
16	Perforation equipment, tools, and accessories e.g., Perforating gun	7326.90.90
17	Drilling fluid materials and additives	
	Activated Bentonite	3802.90.00
	Acrylic Drilling additive	3906.90.00
	Sodium Humate Additive	3913.90.00
	Chemical Mixture	3824.99.90
18	Coring equipment, tools, and accessories (wireline coring tools, vibratory coring tools, percussion coring tools, rotary coring tools...)	
	Wireline coring tools	8431.43.00
	Vibratory coring tools	8431.43.00
	Percussion coring tools	8431.43.00
	Rotary coring tools	8431.43.00
19	Waste Management equipment (waste production, collection, transfer, storage, treatment, and utilization equipment)	
	Mud filter	8421.29.00
	Vacuum pump	8414.80.99
	Screw conveyor	8428.39.00
	Storage tanks	7309.00.00
	Mud dewatering unit	8421.29.00
	Dryer	8419.39.00
	Utilization equipment	
20	Mud logging tools and accessories (Mud temperature sensor, Mud resistivity tools, Gas chromatograph, Total organic carbon analyzer)	
	Mud temperature sensor	9025.19.00
	Mud resistivity tools	9030.89.00
	Gas chromatograph	9027.20.00
	Total organic carbon analyzer	9027.50.00
21	Drilling Rig Derrick and crown block	7308.90.99 8483.50.00
22	Drilling Rig Substructure and accessories	7308.90.99
23	Drilling Rig Travelling Block, accessories, and spare parts	8483.50.00
24	Drilling Rig Draw works and accessories	8425.31.00
25	Drilling Rig Rotary table, Its Driving Units, accessories, and spare parts	8431.43.00
26	Drilling Rig LER & Driller's Cabin	8431.43.00 7308.90.99
27	Drilling Rig Control System/VFD e.g., control panels	8537.10.00
28	Drilling Rig Power Plants, Battery energy storage systems, accessories, and spare parts	
	Power Generating Sets	8502.11.00 8502.12.00 8502.13.00 8502.20.00
	Static converters	8504.40.00
	Storage batteries	8507.20.00
29	Drilling Rig Compressed Air Storage Tank for Substructure	7311.00.00
30	Drilling Rig Fuel tanks, lubricants, and various kinds of oil	

Note:

1. The list of specialised materials and equipment for oil and gas projects will be updated from time to time.
2. The Uganda Revenue Authority will review and confirm/update the HS codes of the respective specialised materials and equipment.

S/N	DESCRIPTION OF EQUIPMENT AND MATERIALS	HS CODE
	Steel fuel tanks	7309.00.00,
	Oil and lubricants	2710.19.51 3403.19.00 3403.99.00
31	Drilling Rig Mud pumps, accessories, and spare parts	8413.50.00 8413.60.00 8413.70.00 8413.81.00 8413.91.00
32	Drilling Rig Mud tanks, accessories, and spare parts	7309.00.00
33	Drilling Rig Top Drive System (TDS), accessories and spare parts	8431.43.00
34	Drilling Rig Well control equipment, accessories, and spare parts (Accumulator units, Emergency shutdown system, Blowout prevents, Annular, Pipe rams	
	Accumulator units	8479.89.00
	Emergency shutdown system	8537.10.00
	Blowout prevents	8481.80.00
	Annular	8481.80.00
	Pipe rams	8481.80.00
35	Drilling Rig line and accessories	8431.43.00
36	Drilling Rig Mud Treatment Equipment (Sample storage and labeling system, Data acquisition system, Hydrocyclone, Desander and desilter, Shale shaker,)	
	Sample storage and labelling system, e.g., storage tanks	7309.00.00
	Data acquisition system	9031.80.00
	Hydrocyclone	8421.29.00
	Desander and desilter	8421.29.00
	Shale shaker	8421.29.00
37	Drilling Rig Pipe racks	7308.90.99
38	Drilling Rig Material tub	7326.90.90
39	Drilling Rig Workshops, tools, accessories, and spare parts	8430.49.00 8431.43.00
40	Drilling Rig Automation equipment, accessories, and spare parts	8430.49.00 8431.43.00
41	Drilling Rig Wooden matting	4418.99.00
42	Drilling Rig Movement Systems	8479.89.00
43	Drilling Rig miscellaneous equipment including Fire system, Rig handling equipment and tools, lightning system, Foam system, Chiksans, Installation platform for traveling block, BOP. Hoist & Trolley, Lighting tower, BOP storage & test stumps, racks, etc.	
	Fire alarm system	8531.10.00
	Rig handling equipment and tools,	8428.90.00
	lightning system, e.g., surge suppressors -	8535.40.00
	Foam system,	8414.40.00
	Chiksans,	7326.90.90
	Installation platform for travelling block,	7308.90.99
	BOP.	8481.80.00
	Hoist & Trolley,	8425.11.00 8716.80.00
	Lighting tower	9405.41.00 9405.42.00

Note:

1. The list of specialised materials and equipment for oil and gas projects will be updated from time to time.
2. The Uganda Revenue Authority will review and confirm/update the HS codes of the respective specialised materials and equipment.

S/N	DESCRIPTION OF EQUIPMENT AND MATERIALS	HS CODE
		9405.49.00
	BOP storage & test stumps, racks etc.	7326.90.90
45	Drilling Rig Noise Control equipment, accessories, and spare parts	
	Drilling rig noise level meter	9030.89.00
	parts and accessories	9030.90.00
46	Drilling Rig Communication systems, CCTV, accessories, and spare parts	8517.62.00 8525.89.00
47	Drilling Rig Subs	8431.43.00
48	Drilling Rig electric control equipment, accessories & Spare parts	8537.10.00 8538.10.00 8538.90.00
50	Drilling Rig Mast, accessories & Spare parts	7308.20.00 7308.90.99
51	Drilling Rig Solids control equipment, accessories & Spare parts	
	Solid removal unit	8421.29.00
	Solids control equipment and spare parts	8421.99.00
53	Drilling Rig Standpipes, Manifolds accessories & Spare parts	8431.43.00 8481.80.00
54	Drilling Rig auxiliary equipment, accessories & Spare parts	
	Hoist plug and adapters	8431.43.00
56	Well control emergency equipment (firefighting units, fire pumps, capping stacks, hydraulic and conventional Athey Wagons and accessories, fully stocked hose and monitor containers, hot tap tools, gate valve drilling units, and cryogenic freeze packages.	
	Drilling rig firefighting units	8424.89.00
	Drilling rig fire pumps,	8413.50.00 8413.60.00 8413.70.00 8413.81.00
	Capping stacks	8481.80.00
	Hydraulic and conventional Athey Wagons and accessories	8716.80.00
	Fully stocked hose and monitor container including fire hoses	4009.31.00 4009.32.00 4009.41.00 4009.42.00 5909.00.00
	Hot tap tools	8207.50.00
	Gate valve drilling units	8459.29.00
	Cryogenic freeze packages	8418.69.20
57	Well testing Equipment. (Chemical injectors, storage tanks, surface test tree, surface Safety Valve (SSV), data header, choke manifold, steam heat exchanger, test separator, vertical surge tank, oil transfer pumps, oil diverter manifold and burner.)	
	Chemical injectors	8413.50.00 8413.60.00 8413.70.00 8413.81.00
	Storage tanks	7309.00.00
	Surface test tree,	9031.80.00

Note:

1. The list of specialised materials and equipment for oil and gas projects will be updated from time to time.
2. The Uganda Revenue Authority will review and confirm/update the HS codes of the respective specialised materials and equipment.

S/N	DESCRIPTION OF EQUIPMENT AND MATERIALS	HS CODE
	Surface Safety Valve (SSV)	8481.80.00
	Data header	7326.90.90
	Choke manifold	8481.80.00
	Steam heat exchanger	8419.50.00
	Test separator	8421.29.00
	Vertical surge tank	7309.00.00
	Oil transfer pumps	8413.50.00 8413.60.00 8413.70.00 8413.81.00
	Oil diverter manifold	8481.80.00
	Burner.	8416.20.00

1.2 Oil field Chemicals

S/N	DESCRIPTION OF EQUIPMENT AND MATERIALS	HS CODES
1	Alkalinity Control Chemicals	
	Sodium Hydroxide	2815.11.00
	Sodium Carbonate (Soda Ash)	2836.20.00
	Citric Acid	2918.14.00
	Lime (Calcium Hydroxide)	2825.90.00
	Magnesium Oxide	2519.90.00
	Sodium Bicarbonate	2836.30.00
2	Treat Calcium Contamination chemicals e.g., Soda Ash -	2836.20.00
3	Fluid Loss control chemicals	
	Acrylic Polyelectrolyte	3906.90.00
	Activated Bentonite	3802.90.00
	Carboxymethyl Cellulose	3912.31.00
	Xanthan Gum	3913.90.00
	Chemical Mixture	3824.99.90
4	Viscosifier chemicals	
	Polyacrylamide	3906.90.00
	Carboxymethyl Cellulose	3912.31.00
	Xanthan Gum	3913.90.00
	Chemical Mixture	3824.99.90
5	Rheology Modifier chemicals	
	Activated Bentonite	3802.90.00
	Polyacrylamide	3906.90.00
6	Fluid Loss reducer chemicals	
	Acrylic Polyelectrolyte	3906.90.00
	Activated Bentonite	3802.90.00
	Carboxymethyl Cellulose	3912.31.00
	Xanthan Gum	3913.90.00
	Chemical Mixture	3824.99.90
7	Shale Inhibition chemicals e.g., Chemical Mixture	3824.99.00
8	Cuttings Encapsulation chemicals e.g., Acrylamide –	3906.90.00
9	Shale Inhibition chemicals e.g., Chemical Mixture –	3824.99.00
10	Anti-Accretion chemicals e.g., Phosphonates	2835.10.00

Note:

1. The list of specialised materials and equipment for oil and gas projects will be updated from time to time.
2. The Uganda Revenue Authority will review and confirm/update the HS codes of the respective specialised materials and equipment.

S/N	DESCRIPTION OF EQUIPMENT AND MATERIALS	HS CODES
11	Biocide chemicals	3808.92.10 3808.92.90
12	Weighting Agent chemicals	
	Natural Baryte	2511.10.00
	Barium Sulphate	2833.27.00
	Hematite (Iron Oxide)	2821.10.00
	Chemical Mixture	3824.99.90
13	Lost circulation materials chemicals	
	Powder Marble	2517.41.00
	Powder Limestone	2517.49.00
	Chemical Mixture	3824.99.90
14	Cement chemicals	
	Alcohol Ethoxylate	3402.39.00
	Chemical Mixture	3824.99.90
	Styrene Butadiene	3903.90.00
15	Free Pipe Agent chemicals	3824.99.90
16	H2S Scavenger chemicals	3824.99.90
17	Thixo Additive chemicals	3824.99.90

1.3 Crude oil Processing

S/N	DESCRIPTION OF MATERIALS AND EQUIPMENT	HS CODE
	a) Crude Treatment System	
1	Pig Receivers	8479.89.00
2	Pig Launchers	8479.89.00
3	Separator Packages	8421.29.00
4	Separators	8421.29.00
5	Basket Filters	8421.29.00
6	Crude Oil Exchangers	8419.50.00
7	Crude Oil Heaters	8419.89.00
8	Pumps	8413.50.00 8413.60.00 8413.70.00 8413.81.00
9	Oil Air Coolers	8419.50.00
10	On-Spec and Off-Spec Oil Storage Tanks	7309.00.00
	b) Gas Compression System	
1	Gas Compressor Packages	8414.80.10 8414.80.99
2	Gas Compressor Inlet Coolers	8419.50.00
3	Gas Compressor Suction Drums	8421.39.10
4	Inlet Scrubbers	8421.39.10
5	Gas Compressors	8414.80.10 8414.80.99
6	Gas Compressor Discharge Coolers	8419.50.00
7	Gas Compressor Discharge Drum	7309.00.00
8	Gas Compressor Suction Drum Pumps	8414.80.99
9	HP Fuel Gas Superheater	8419.89.00

Note:

1. The list of specialised materials and equipment for oil and gas projects will be updated from time to time.
2. The Uganda Revenue Authority will review and confirm/update the HS codes of the respective specialised materials and equipment.

S/N	DESCRIPTION OF MATERIALS AND EQUIPMENT	HS CODE
10	HP Fuel Gas Filters	8421.39.10
	c) LPG Production System	
1	Three Phase Separator	8421.39.10
2	Fractional distillation equipment	8419.40.00
3	De-Ethaniser	8421.39.10
4	De-Ethaniser Reboiler	8419.89.00
5	LPG Tower e.g., Distillation tower	8419.40.00
6	LPG Reboiler	8419.89.00
7	LPG Overhead Condenser	8419.50.00
8	LPG Reflux Drum	8419.40.00
9	LPG Pumps	8413.50.00 8413.60.00 8413.70.00 8413.81.00
10	LPG Storage Vessels	7311.00.00
11	LPG Truck Loading Skid	8481.80.00
12	LPG Truck Loading Arms	8481.80.00
	d) Utility System	
1	Flare System	8416.20.00
2	Flare Knockout Drum	8421.39.10
3	Basket Filters	8421.29.00
4	Flare Knockout Drum Pumps	8413.50.00 8413.60.00
5	Enclosed Ground Flare Package	8417.80.00
6	Flare Ignition Package	8416.90.00
7	Water Seal Vessel	7309.00.00
8	Flare Stack	8416.20.00
	e) Diesel System	
1	Diesel Storage Tanks	7309.00.00
2	Basket Filters	8421.29.00
3	Diesel Transfer Pump	8413.50.00 8413.60.00 8413.70.00 8413.81.00
4	Diesel Filter Coalescer	8421.29.00
5	CPF Emergency Generator Package	8502.11.00 8502.12.00 8502.13.00 8502.20.00
6	CPF Main Generator Package	8502.11.00 8502.12.00 8502.13.00 8502.20.00
7	Fuel Gas Surge Vessel	7309.00.00
8	Diesel Centrifuge	8421.19.00
9	Diesel Daily Tank	7309.00.00
	f) Instrument Air and Nitrogen System	
1	Air Compressor Package	8414.40.00 8414.80.10

Note:

1. The list of specialised materials and equipment for oil and gas projects will be updated from time to time.
2. The Uganda Revenue Authority will review and confirm/update the HS codes of the respective specialised materials and equipment.

S/N	DESCRIPTION OF MATERIALS AND EQUIPMENT	HS CODE
		8414.80.99
2	Air Compressor	8414.40.00 8414.80.10 8414.80.99
3	Instrument Air Dryer	8421.39.10
4	Wet Air Receiver	7311.00.00

Note:

1. The list of specialised materials and equipment for oil and gas projects will be updated from time to time.
2. The Uganda Revenue Authority will review and confirm/update the HS codes of the respective specialised materials and equipment.

S/N	GENERAL DESCRIPTION	REQUISITION TITLE	PURPOSE	HS CODE	
530.	Inlet 1st Compression Stage Air Cooler		temperature is maintained at or above 60 deg C ie above the blended crude WAT.		
531.	Inlet 2nd Compression Stage Air Cooler				
532.	Inlet 3rd Compression Stage Air Cooler				
533.	Inlet 4th Compression Stage Air Cooler				
534.	Outlet 4th Compression Stage Air Cooler				
535.	HM Trim Cooler				
536.	Certified transportation lifting beam/Spreader beam, Slings and shackles for Air coolers				73089000
537.	Specialist Installation & Maintenance Tools for Air coolers				8419.50.9000
538.	Recommended Spare parts for Start-Up & Commissioning for Air coolers				
539.	CPF - Nitrogen Generation Package	Nitrogen Generation Package	To produce nitrogen at the correct purity (by removing off-spec nitrogen/oxygen from the compressed air) and to ensure adequate nitrogen	84051000	
540.	Specialist Lifting Equipment for Nitrogen Generation Package			73089000	
541.	Special Tools required for erection, commissioning,			84051000	

Note:

1. The list of specialised materials and equipment for oil and gas projects will be updated from time to time.
2. The Uganda Revenue Authority will review and confirm/update the HS codes of the respective specialised materials and equipment.

S/N	GENERAL DESCRIPTION	REQUISITION TITLE	PURPOSE	HS CODE
	operation and maintenance for nitrogen generation package		is provided to consumers requiring inert buffer gas, purging /blanketing of vessels and tanks, flare system and utility users.	
542.	Recommended Spare Parts for installation and commissioning for nitrogen generation package			
543.	Operator Workstation, consisting of monitor, keyboard and mouse connected to a nonredundant MMS network for vie'Ning data and displays.	Machine Monitoring Systems	Monitor certain parameters such as Vibration, and temperature on specific rotating machinery in order to provide a protective function as well as condition monitoring to aid preventative maintenance planning.	84714100, 85285210, 84716060,84716070
544.	Engineering Laptop with configuration capability and ability to connect directly at the VTMS racks independent of the MMS network.		Engineering Laptop has configuration capability and ability to connect directly at the VTMS racks independent of the MMS network.	84713000
545.	Colour laser printer to interface with Operator Workstation detailed in Item 1.		The printer Interfaces with Operator Workstation	84433210

Note:

1. The list of specialised materials and equipment for oil and gas projects will be updated from time to time.
2. The Uganda Revenue Authority will review and confirm/update the HS codes of the respective specialised materials and equipment.

S/N	GENERAL DESCRIPTION	REQUISITION TITLE	PURPOSE	HS CODE
546.	Operator Workstation, consisting of monitor, keyboard, and mouse. Connected to the Corporate Network (connectivity to MMS Mirror server via DMZ firewall) for viewing data and displays.		The operator system connects to the Corporate Network (connectivity to the MMS Mirror server via DMZ firewall) The cabinets are to accommodate Machinery	84714100 85285210 8471606-0 84716070
547.	Cabinets to accommodate Machinery Package Supplier provided VTMS racks, Cabinets		The cabinets are to accommodate Machinery package Supplier provided VTMS racks. The VTMS racks are mounted within dedicated cabinets and acquire the data from the sensors mounted to the machines. These VTMS racks then interface with a software-based System which serves as the user interface	
548.	CPF - Fire Water - Jockey Pump	Diesel Firewater and Jockey Pumps	The jockey pumps are provided to maintain adequate pressure in the firewater distribution system.	8413708990
549.	CPF - Fire Water - Diesel Pump		The diesel FW pumps are provided to take suction	

Note:

1. The list of specialised materials and equipment for oil and gas projects will be updated from time to time.
2. The Uganda Revenue Authority will review and confirm/update the HS codes of the respective specialised materials and equipment.

S/ N	GENERAL DESCRIPTION	REQUISITION TITLE	PURPOSE	HS CODE
			from the Firewater Storage Tank.	
550.	Main System Pressure Relief Valve, Loose supply in Cast Iron Materials		<p>In the event that one of the firewater users in a fire zone are used (e.g. deluge valve opened, monitor" actuated, etc.) then the pressure in the fire water ringmain will drop beyond the capacity of the Firewater Jockey Pump to maintain it. In this event pressure sensors/transmitters will initiate the automatic start of the duty Diesel Firewater Pumps through the Fire Gas System In the event that one of Ulese duty pumps falls to start the stand-by Diesel Firewater Pump will start. Diesel will be provided to diesel day tanks, the tanks working capacity will be sufficient to enable at least 8 hours operation at the</p>	
551.	waste cone for Pressure Relief Valve			
552.	10 "venturi Type Flow Meter. Loose Supply in Cast Iron Materials			
553.	Minimum Stable Flow Protection			
554.	Sunroof for Fire Water Pumps - Controller Only			
555.	Sunroof for Joekey Pumps-Controller Only			
556.	Primary Starting System - NiCAD batteries, Diesel Firewater Pumps			
557.	Recommended Spare parts for start-up & commissioning for Diesel Firewater and Jockey pump			
558.	Special Tools and Lifting Equipment - Common Lifting Beam with Sling -Independently verified by a 3rd Party			
559.	(One beam is suitable for ALL offered packages)+ Gas Charging Kit for Hydraulic Starting System			

Note:

1. The list of specialised materials and equipment for oil and gas projects will be updated from time to time.
2. The Uganda Revenue Authority will review and confirm/update the HS codes of the respective specialised materials and equipment.
