## TECHNICAL STAFFING SERVICES – FINDING THE RIGHT PEOPLE FOR CHEVRON

SGS has been providing technical staffing services to Chevron since 2002, ensuring that specialized contract technical staff are assigned on a trans-national basis in accordance with project schedule requirements. SGS managed the successful execution of all logistics including: flights, visas, work permits, meet & greet services, accommodation, transportation and family welfare link. SGS ensured that all contractors attended pre-mobilization inductions, Health, Safety and Environment (HSE) briefings and training prior to assignment. The personnel were assigned from Fabrication through to start-up.

### OVER 200 QUALIFIED TECHNICAL PERSONNEL WERE ASSIGNED ON THE CHEVRON PROJECT SITES IN

- East Asia (Korea and Japan)
- North America
- West Africa (Angola, Congo, Gabon, Nigeria)
- South America (Argentina)
- Europe (United Kingdom, Netherlands, France, Italy, Czech Republic)
- United Arab Emirates (Abu Dhabi and Dubai)

All contractors have been assigned through the local SGS companies to ensure a fully tax compliant solution for Chevron.
