SGS

WHY SGS IN YOUR SUSTAINABILITY JOURNEY?

 30+ Years of experience in sustainability	 2,700 Offices and laboratories, providing global technical expertise and network	 ▲ CHF 1,243k Invested in communities around the world
CO₂ 2014 Carbon neutral since 2014	 ▼ 43% Decrease in total greenhouse gas emissions since 2014	 ▼ 68% Decrease in Total Recordable Incident Rate (TRIR) since 2014

We are a leader, not only in providing ESG services for over 30 years but also as an active participant in demonstrating best practices.

Our ESG experts actively contribute to developing international standards, frameworks, schemes and regulations, such as the UN Sustainable Development Goals (SDGs), UN Principles for Responsible Banking (PRB) Assurance and EU Corporate Sustainability Reporting Directive (CSRD).

We also lead by example. Our sustainability leadership has been recognized internationally. SGS was rated PRIME by ISS ESG Corporate Rating and AAA in the MSCI ESG Ratings assessment. Our ESG practices are further reinforced by

SGS Sustainability Ambitions 2030, which set ambitious targets across our whole value chain and foster a culture of sustainability.

With extensive experience in all major industries, we understand each sector’s pain points and have the technical expertise and logistical capabilities across the globe to ensure realistic sustainability outcomes.
