

GUIDELINES FOR THE TRADE

REPUBLIC SOUTH SUDAN

Pre-shipment Verification of Conformity to South Sudan Standards

This data sheet has been prepared specifically in respect of exports to the Republic of South Sudan

Date issued: **09/02/2021**

Last modification: **29/04/2021**

1. PRODUCTS CONFORMITY ASSESSMENT

PROGRAM NAME	Pre-Export Verification to Conformity (PVoC)
PROGRAM MANDATED BY	South Sudan National Bureau of Standards (SSNBS)
IMPLEMENTATION DATE	1st May 2021
PROGRAM OBJECTIVES	<ul style="list-style-type: none"> • Verification of conformity to South Sudan Standards or other approved standards and technical regulations. • Ensure conformity of imported products to the applicable technical regulation and standards. • All products imported into South Sudan are subject to the programme and shall be accompanied by a Certificate of Conformity (CoC) issued by SGS.
VERIFICATION PROCESS	<ol style="list-style-type: none"> 1. Request: Importers or exporters submit request for CoC together with the initial set of supporting documents using GS Customer Portal https://exporter-portal.sgs.com/. This action automatically registers application. Requests sent directly to SGS Liaison Office in Nairobi or the SGS Country Office will also be processed and transferred to the portal. 2. Verification: The SGS Executing Office in the country of supply liaises with the exporter to request the mandatory documents and complementary information about the Products, i.e. detailed products description, place where the goods are available for verification as well as a copy of the invoice related to the shipment. The SGS Executing Office will then coordinate with the supplier/exporter for carrying out the applicable interventions (inspection, sampling/testing). 3. Evaluation: Reports from the verification activities (Inspection Report, Test Report(s)) together with the mandatory supporting documents are submitted to SGS Certification Centre for review against the regulatory requirements in force. 4. Attestation: The successful review of the various reports and other supporting documents lead to the issuance of Certificate of Conformity to evidence the compliance of the shipment. If discrepancies are identified, feedback is given to the exporter as well as guidance for implementing the necessary corrections to achieve compliance.

<p>ROUTES</p>	<ul style="list-style-type: none"> • There are three routes to obtaining CoC • Route A – for Unregistered Suppliers or Manufacturers of sensitive products • Route B (Registration) – for Registered Suppliers of Manufactured products • Route C (Licensing) – for Certified products from Manufacturers and their authorised representatives
<p>APPROVED LABORATORY</p>	<ul style="list-style-type: none"> • SGS laboratories • Any independent laboratory accredited to ISO / IEC 17025 • Manufacturer's laboratory provided that: <ul style="list-style-type: none"> • Manufacturer has a quality management system – (QMS) in place • Manufacturer presents list of all laboratory equipment with the latest calibration records • Equipment is suitable to perform the test required in the applicable standard for the product
<p>DOCUMENTATION</p>	<ul style="list-style-type: none"> • Documents required for CoC issuance. <ul style="list-style-type: none"> • Completed Request for Certification (RFC) • Manufacturer's/Seller's declaration of conformity • Test Reports • Inspection report • Pro-forma/final Invoice • Other documents: When applicable and/or relevant, the following documents may also be requested: <ul style="list-style-type: none"> • Quality management system certificates (e.g. ISO 9001) • Factory records on tests performed by the manufacturer • Product's technical datasheets
<p>CERTIFICATE</p>	<ul style="list-style-type: none"> • A Certificate of Conformity (CoC) should be issued to evidence the compliance of the shipments. • The CoC is required for every shipment: • It Provides the South Sudan Bureau of Standards and Customs with a proof that the goods being imported are in compliance with the relevant standards and technical regulations. • It's a mandatory document for goods clearance at the border.
<p>OTHERS</p>	<p>Other documents: When applicable and/or relevant, the following documents may also be requested:</p> <ul style="list-style-type: none"> • Quality management system certificates (e.g. ISO 9001). • Factory records on tests performed by the manufacturer. • Product's technical datasheets.
<p>SGS COVERAGE</p>	<p>SGS is mandated to provide PVoC globally - in all Countries of Supply/export.</p>
