

SGS, Connectivity & Products Statement of Impartiality

SGS UNDERSTANDS THE IMPORTANCE OF IMPARTIALITY AND POTENTIAL CONFLICTS OF INTEREST IN CARRYING OUT ITS RANGE OF TESTING, INSPECTION AND CERTIFICATION SERVICES. IMPARTIALITY IS DEFINED AS “NOT HAVING PREJUDICE TOWARDS OR AGAINST ANY PARTICULAR SIDE OR PARTY.” SGS UNDERTAKES TO ACT IMPARTIALLY IN RELATION TO ALL OF OUR INTERACTIONS WITH CLIENTS/CUSTOMERS AND OTHER STAKEHOLDERS.

Integrity is at the heart of SGS. Our behaviors and practices are based on three guiding company-wide policies:

1. [SGS Code of Integrity](#)
2. [Integrity Policy Statement](#)
3. [SGS Business Principles](#)

We continually strive to ensure the highest standards of integrity are applied to all our activities worldwide in accordance with international best practice. We regularly assess risks in relation to specific activities or contracts on impartiality and potential conflict of interests. Conflict of interest and objectivity is further covered with all SGS employees through training sessions and contractually binding agreements, to ensure all activities are conducted in an independent and impartial manner.
