

SAUDI QUALITY MARK (SQM)

Products such as Liquefied Petroleum Gas Appliances & Accessories are mandated under the Saudi Quality Mark

SGS IS THE WORLD'S LEADING INSPECTION, VERIFICATION, TESTING AND CERTIFICATION COMPANY.

In- line with SASO's implementation as per Saudi Cabinet Decree 216 dated 17/06/1431 H, manufacturers and traders are now requested to apply for Saudi Quality Mark for regulated products through authorized certification body. With extensive experience in managing various product conformity programs globally, SGS Gulf Limited is a notified body approved by Saudi Standards, Metrology and Quality Organization (SASO) for Saudi Quality Mark.

With extensive experience in managing various product conformity programs globally; we have been appointed by Saudi Standards, Metrology and Quality Organization (SASO) for Saudi Quality Mark & Product Conformity certifications.

Saudi Quality Mark of conformity is granted to the products that can demonstrate compliance with the relevant SASO Standards and are manufactured by an organization implementing an effective Quality Management System to ensure continuous compliance. The process of achieving the license to use the Saudi Quality Mark involves a comprehensive evaluation of the product as well as the quality system used by the manufacturer in production through testing, valid for 3 years with annual surveillance audit.
